International certification of education with a certificate for graduates

Ladies and gentlemen,

since 1997 International Education Society /IES/ has been running an international project called CERTIFICATE. Within this project, we certify educational subjects, the graduates of which are issued the international IES certificates. Thanks to them the graduates have the possibility of finding good employment in all countries all over the world. They are the IES certificates

for students, which are significant added value of the CERTIFICATE project. Thanks to the certificates it differs from other certification projects and is unique in a global standard. The international IES certification is therefore important for all subjects interested in their students finding employment at the home and international labour market. Certification is important for your own self-evaluation and also for higher prestige, distinction from your competition and improvement of the school status in the eye of the public.

The result of the educational subject certification is assigning the rating, value of which is regularly verified. This way, the certified subjects get a feedback about their quality. This can help them with their development. The school's rating is an important piece of information included on the graduate's IES certificate. Thanks to this, an employer gets information not only about candidate's education, but also about the quality of the school, where the candidate graduated. The up-to-date price list for certification can be found at www.iescertificate.com.

There are currently 12 countries included in the CERTIFICATE project. They are Czech Republic, Slovakia, Poland, Hungary, Romania, Croatia, Lithuania, Latvia, Estonia, Ukraine, Russia and Kazakhstan. When the project CERTIFICATE started, the main aim was to make finding employment for the graduates from the Middle and Eastern Europe schools at the highly developed markets easier. Nowadays, the IES certificate proves to be very useful and effective to the employers in the country of the candidate's origin also.

The significant companies with global activity, Ministries of Education, Chambers of Commerce and the employers within the region of the certified schools are all informed about our certification. There are thousands of subjects in many countries, which are listed at www.iescertificate.com together with information about them.

IES is registered in England. Certification is realized by the IES organizational sector (a client centre), which is located in Brno, Czech Republic.

International

Certification of an educational institution

- THIS IS REALIZED ON THE BASIS OF AN ON-LINE QUESTIONNAIRE and its evaluation, other documents and a potential audit at the place of an institution.
- THE ON-LINE QUESTIONNAIRE DIFFERS ACCORDING TO THE TYPE OF AN EDUCATIONAL INSTITUTION. The questions are divided between 8 and 15 blocks. Some data, which is collected, come from the very origin of an institution up to now. The majority of required information is taken from previous records as far back as five years and can include:
 - Statistical data - number of students, graduates, teachers...
 - Educational programmes, cooperation with specialists, consultants...
 - Success of students in competitions, professional success of graduates...
 - Scientific and research activity (universities, colleges)...
 - International programmes, international and domestic cooperation...
 - Material and technical equipment, funds, investments...
 - Pedagogical teams, expertise, further education, publication activity...
 - PR activities, communication with the public, web...
- CERTIFIED SUBJECT PREPARES THE DOCUMENTS NOT ONLY FOR CERTIFICATION OF THE INSTITUTION, but also for the chosen educational programmes – curriculum, hour subsidy, pedagogical team. We certify the programmes with the minimum of five lessons taught. It is possible to certify programmes anytime during our cooperation. Their certification is free regardless of the number.
- THE WHOLE PROCESS TAKES APPROXIMATELY THREE MONTHS. Two months out of the three months are needed for preparation of the documents. We finish the IES certification within one month of obtaining the complete documents from an institution (on-line questionnaire including the required appendices).
- THE RATING IS BASED UPON A SCALE OF 1 TO 12 POINTS AND THE ASSIGNED RATING IS EXPLAINED IN A DETAILED REPORT WRITTEN BY AN EXPERT COMMITTEE. The report also includes recommendations on how to increase the rating. Value of the rating is regularly verified. Recertification is free and is done on the basis of an on-line update questionnaire, that only needs to include the changes, which occurred during a monitored period.

When the certification is finished, it is possible to issue the international certificates to the graduates.

The international IES certificate for graduates

- THE CERTIFICATE TRANSPARENTLY states the level of a graduated school via the rating.
 - IT IS ALWAYS ISSUED IN ENGLISH and in an official language of each country.
 - IT CAN ALSO BE ISSUED IN OTHER LANGUAGES. For example: German, French, Spanish, Italian, Portuguese, Russian, Indonesian, Arabic, Chinese, Vietnamese, Greek, Swedish, Japanese, Hungarian, Polish, Czech, Slovak, Latvian, Lithuanian, Estonian, Ukrainian, Romanian, Bulgarian, Croatian, Turkish.
- EACH CERTIFICATE INCLUDES A SPECIAL APPENDIX - a graduate's profile with characteristics of graduate's studies with the summary of key knowledge and skill competences of the certificate holder both in English and in the official language.
- THE IES CERTIFICATE AND THE DOCUMENT ISSUED BY A SCHOOL (diploma, school report, certificate) make a collection of information for a potential employer and a holder of the certificate gets a competitive advantage at the labour market.
- TO AVOID COUNTERFEIT, THE IES CERTIFICATE HAS SECURITY FEATURES and it is easy for a potential employer to verify the identity of the certificate on the Internet.

We have issued approximately 51.000 IES certificates so far (until the first half of 2014).

The graduate of The Secondary Nursing School, Olomouc, Czech Republic*

I have ordered your certificate after graduation from the high school to verify that my school is at the internationally accepted level. The certificate was accepted in Slovakia and Hungary and I was offered a better job. The certificate was a big advantage for me.

*Dávid Botlík,
the graduate of The Secondary Technical School, Komárno, Slovakia*

IES-Certificate is the "lucky ticket" may contribute to my PLAB score I am going to pass in UK to get the professional degree of the first level.

Mehta Saket Kumar,

Crimea is too far from India and not all there hear and know about CSMU. IES-Certificate helps me to be recognized as the graduate from the University of the high education quality.

Prajapati Vimal Kumar,

IES-Certificate solidifies CSMU diploma and rises my chance to get a position at the good clinic.

*Prajapati Priyanka,
Indian graduates of the Crimea State Medical University, Simferopol, Russia*

Our university considers the project of the collaboration with the International Education Society (IES) as the great opportunity to be involved into Universities world. It is of big responsibility, and requires efforts from CSMU educators and students to satisfy IES-Certificate gained of the very high category. This encourages everybody in CSMU to progress and contribute to CSMU development. The consolidation of IES – CSMU cooperation is one from the priorities of CSMU development strategy.

Crimea State Medical University named after S.I. Georgievsky (CSMU), Simferopol, Russia

In the context of globalization and Russian internationalisation, international acknowledgement of an educational institution and its diploma becomes a must. More than 130 students of our school have already obtained the international IES certificate. Some of our students even got a job in Europe, America or Turkey. The IES company proved to be a reliable and stable partner, providing professional approach and in this way, it proves its high professional status. We definitely recommend International Education Society (IES) as a competent organization in the field of educational programmes evaluation.

We are really proud of our long and fruitful cooperation with the International Education Society! It contributes greatly to the development of international relations of Makiyivka Institute of Economics and Humanities in the field of higher education, thus improving the quality of educational services, and maintaining a positive image of the higher education institution of the university level in the region. In addition, to be issued an international certificate of IES is a powerful incentive for active learning and research activities of our students. We do admit that the IES staff are good and reliable partners in our educational activity!

„I'm happy to be working for the “International Airlines of Ukraine“ company, having previously passed testing and an interview in English! Many thanks to my professors and instructors, and I am very grateful to the International Education Society, the certificate of which appeared a powerful argument for signing a contract with me!”

*Ruban Diana,
graduate of Makiyivka Institute of Economics and Humanities,
Makiyivka, Ukraine*

„I have worked for several years as a manager for “Alex-Skhid” company. This year I have graduated from Makiyivka Institute of Economics and Humanities with a diploma of an economist in accounting and auditing. Together with a university diploma I was issued the IES certificate of international recognition. Thanks to these documents I was promoted to the position of senior manager responsible for foreign trade and I do hope success will attend me in my future career”.

*Shokhin Denis,
graduate of Makiyivka Institute of Economics and Humanities,
Makiyivka, Ukraine*

“From time to time a question crops up as to the rating of your university, because, unfortunately, in Europe and the USA there is too little information about Ukrainian universities. In cases like these the IES certificate is almost 100 percent guarantee that you will be understood, recognized and appreciated. An external surety always proves to be weighty”.

*Aleksey Lysenko,
graduate of Makiyivka Institute of Economics and Humanities,
Makiyivka, Ukraine*

The process of certification helped us define our strengths and weaknesses. Thanks to certification and international evaluation of our educational programmes, we have noted a bigger interest in our school. The candidates appreciate the possibility to obtain the international IES certificate.

Colegiul Tehnic Energetic, Constanta, Romania

Certification is a sort of guaranteed quality of education with the possibility of international comparison. There are more than 50 students who order the IES certificate every year.

The Secondary Nursing School, Košice, Slovakia

ŠKODA

In the past few years, some of our graduates have taken the advantage of proving their education not only in some European countries, but also in e.g. Australia and New Zealand. There are more and more cases of the graduates, who order the certificate retrospectively after they graduate from our school with the reason that they want to work abroad.

We have been ordering from 15 up to 50 international IES certificates every year since 1998. It is a big advantage to hold the international IES certificate. The graduates don't have to work only in warehouses or as au-pairs. They are fully qualified and also get a decent wage. We also took advantage of the way of paying for the certificates. The students start saving their money in the first year of studies and their money goes to a special account.

The Secondary Specialized School, Svit, Slovakia

When meeting the graduates, we always get a positive feedback from the holders of the certificate about how important and significant it really is to have the certificate because it is easier for them to get a good job and to be successful at the labour market. The certificate helped the graduates with being employed not only by companies in our country but also by companies abroad. Furthermore, if you hold the certificate issued by a certified school, the salary and quality appreciation is adequate in foreign companies. And in companies in our country, a quicker promotion is also possible.

The Secondary Technical and Vocational School, Pelhřimov, Czech Republic

For the third year our institution cooperate with International Education Society (IES) and we are very satisfied with their professionalism. Annually, our institution will issue about 70 IES certificates. Certification by IES increased not only the prestige of our MBA and LL.M. programs, but also great interest about studying postgraduate programs offered by our institution. A high prestige of programs at Institute of Law and Legal Science provided by 10-years stability of BBA, MBA and LL.M. educational programs and international accreditation and certification IADL and SGS and cooperation with the European Business School SE gets in the form of multinational certification International Education Society (IES) hallmark one of the best professional institutions throughout the Czech Republic.
